

Florida Restoration Area

Engineering and Design for Pensacola Beach Park West Fishing Pier and Access Improvements (preferred)

PROJECT DESCRIPTION

This project would include engineering, design, and permitting activities for a new American with Disabilities Act (ADA)-accessible fishing pier and access improvements at Park West in Pensacola Beach. Access improvements could include parking, pedestrian crossings, beach and water access to Santa Rosa Sound, an ADA-accessible kayak launch, and signage. Funding for construction activities could occur through a future restoration plan. The Florida Department of Environmental Protection would be the Implementing Trustee for this project.

RESTORATION TYPE

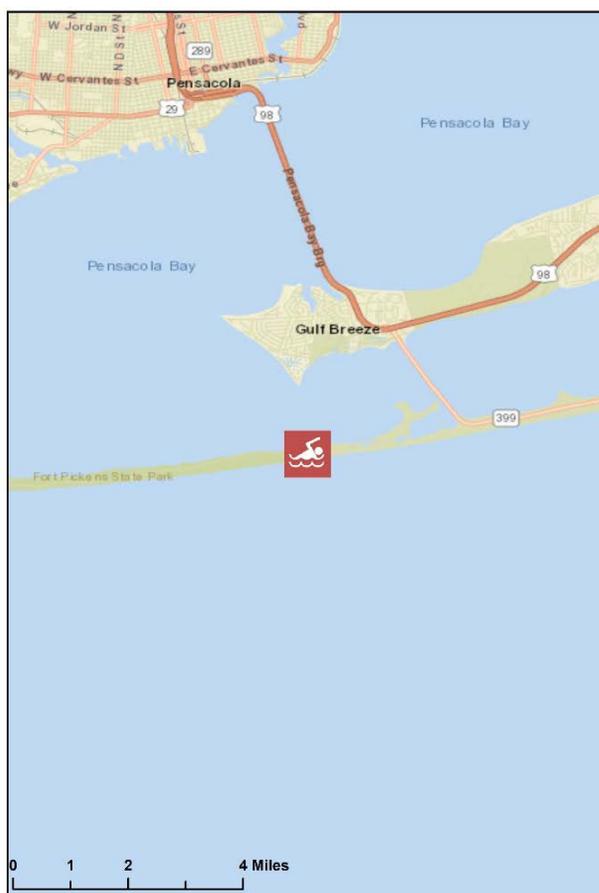

Provide and Enhance Recreational Opportunities

ESTIMATED COST

\$353,100
